

Make your life *easier*

Smartphon - Smartphone connectors - Lightning® connectors

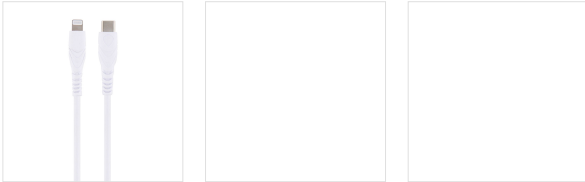

Lightning to USB-C Power Delivery cable

This cable allows you to charge and sync your iPhone at very high speeds. Thanks to its Power Delivery (PD) fast charging technology, it achieves a charge speed of 60W. So it's great to charge your iPhone 12 which can handle 20W. You'll charge 50% of your compatible iPhone in 30 minutes and 80% in 1 hour. Its reinforced connectors give you increased cable resistance even with heavy use. All Lightning® T'nB cables are tested and approved by Apple®, a testament to their high quality.

USB/Lightning cable for charging and syncing with Apple license®:
