

Side turn signals rechargeable for bicycle/scooter handlebars

SIGNAL YOURSELF DURING YOUR TRAVELS

With these handlebar indicators, you will be able to indicate your direction to motorists and thus be safe.

Very easy to use, these indicators are screwed directly onto the handlebars of your bike or scooter.

Insert the end caps into the handles and then screw on the indicators. This system allows you to put them on and take them off easily.

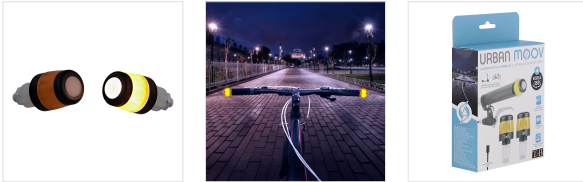

They are equipped with 2 LED modes:

A constant LED

A flashing LED

Choose safety and visibility with these indicators.

BOX CONTENTS

Characteristics

Diameter 3CM x
height 6.8CM

5 hours in LED
flashing mode

Bicycles and
e-scooters with round
hollow handlebars
(inner diameter of the
handlebar from 17.8
mm to 22 mm)
